Excellent practice opportunity in the heart of the beautiful Thousand Islands!

Lansdowne, Ontario: A great opportunity to take over a practice at St. Lawrence District Medical Centre with a flexible start date in 2022. The clinic is operated by a collaborative Community Board which handles all day-to-day management responsibilities. You will be self-employed, and independent in how you operate your practice. A turnkey operation, no investment required.

The roster size is approximately 1050, generating a predictable and secure income stream. The total clinic population is about 2100 patients. The clinic is well staffed by two FPs, two half time NPs, one office nurse, and two receptionists. The working environment is collegial with a lot of positive energy. The clinic was recently expanded and renovated. All records are electronic. (Indivicare)

There is a lot of demand in the community for family physicians; you could easily expand the practice, or share the roster with another physician depending on your preference.

The practice is part of a 10-physician FHO, affiliated with the Upper Canada Family Health Team. NPs are funded by FHT. Opportunity in Brockville for hospitalist work.

Location mid-way between Montreal and Toronto, near 401, an easy commute to Kingston and Brockville.
