FAMILY HEALTH ORGANIZATION (FHO) EMPLOYMENT OPPORTUNITY

Family Physician wanted for a brand new state-of-the-art medical facility in Richmond, Ontario (Ottawa West), opening August 2018. The medical complex will also be home to a Pharmacy, Physiotherapy & Sports Medicine Centre, on site Lab and Ultrasound Services, and other health related co-locators and Specialists. We are currently accepting applications from family physicians interested in participating in a FHO patient enrollment model.

Richmond is one of the oldest communities in Eastern Ontario, located just 20 kms southwest of Ottawa, yet eons away from the hustle and bustle of the busy city. Richmond offers a home in the country, nestled among farmland and green spaces, yet close enough to offer the convenience our vibrant capital city has to offer. The arrival of Mattamy Homes and Caivan Developments to Richmond will see this area experience significant and rapid growth of approximately 1600 new high density homes. The new medical complex will be located just steps away from these housing developments and will support the growing need for access to medical care.

Key Elements:

PS Suite/Telus EMR

Turnkey opportunity with competitive overhead

Practice management team of professionals to handle all HR, scheduling, and all administrative aspects of practice management

Efficient and professional environment

10 supportive FHO colleagues

Specialists on site (Consulting Pediatrics, General Surgery, Psychiatry)
