Bruyère Continuing Care (Bruyère) is currently looking to fill a variety of LOCUM positions within our organization. These are ideal positions for family doctors or new graduates looking for a new challenge and stable income. The ideal candidates must work well in a team environment and be comfortable with inpatient medicine.

Bruyère, an Academic Health Science Centre, excels in the provision of evidence-based health care and services for the vulnerable and medically complex, with a focus on persons who require sub-acute, geriatric or palliative care. Among other programs, Bruyère provides in-patient and out-patient clinical services in Care of the Elderly, Complex Continuing Care, Palliative Care and Physical Medicine and Rehabilitation. Bruyère is one of the largest health care centres of its kind in Canada and a resource for information on the special care required by the elderly, people with chronic and terminal illnesses, and persons having suffered loss of autonomy.
