TERMS of REFERENCE
TOH FAMILY PHYSICIAN FOR GENERAL CAMPUS PSYCHIATRY INPATIENT UNIT

We are seeking a family physician, to provide non-emergent, medical care within the scope of family medicine for admitted mental health patients on 4N General Campus and 6 ALC mental health patients on 4 West. All patients are admitted under psychiatrist MRP.

Medical care provided is during Monday-Friday daytime hours and MRP requests family medicine via consult and f/u as needed.

This position requires a minimum of 0.5 FTE with opportunity for maximum of 0.6 FTE. There is flexibility with regard to the scheduling of services but would optimally require being on the inpatient unit on at least 3 separate days per week for part or all of a day. (preferably Monday, Wednesday and Friday)

For those interested there would be opportunity to discuss specific scheduling details to accommodate the needs of the family physician and needs of the unit.

An office with no overhead is provided at General Campus on 4 North. Sessional support: $28,000 total per year provided and distributed monthly

Majority of income is through OHIP billings. Billings could be done through the TOH Department of Psychiatry billing clerk (fee to be clarified).

No call duties, no evenings, no week-ends. Good lifestyle.

Expected responsibilities:
physical examinations, metabolic management, hypertension/CHF, DM management, infectious disease management and other primary care interventions (eg. Ear wax removal)

Consultations to other specialties, bloodwork and imaging studies access is available at TOH.

For interested individuals there can be potential opportunity for some limited mental health outpatient service to be provided.

The current family physician whom we have had the very good fortune to be working with over the last 5 years is relocating to another city and is available to provide more details on the job requirements and predictable billings etc. to interested candidates.

Applicants must have an independent CPSO license, and meet the qualifications needed to acquire an appointment at TOH. Holding or being interested in applying for a University appointment in the Department of Family Medicine is encouraged.

Interested candidates kindly contact
Rose St George or/ and Dr Katharine Gillis at: 613-737-8327
