Campbellford Memorial Hospital (CMH) is a 34-bed health care facility located in Trent Hills. It serves approximately 30,000 Northumberland, Peterborough and Hastings County residents, as well as a large seasonal population of cottagers and tourists enjoying the beautiful Kawartha Lakes Region and the Trent River System. Located approx 1.5 hours northeast of Toronto or 1.5 hours northwest of Kingston, CMH has been a leader in rural healthcare initiatives for over 65 years. Within the Central East LHIN, our site has been identified as a ‘rural health hub’, which is an integrated health services delivery organization, where most sectors of the health system are formally linked in a rural community.

As the only hospital located between Belleville and Peterborough, Ontario, CMH provides a comprehensive array of acute care services. The Hospital's 24-hour Emergency Department sees approximately 20,000 visits each year. Physicians working in our ED are supported by excellent Nursing Staff, 24hr on site Lab services and 7 day/week ultrasound coverage. Our hospital Foundation supports the ED with major equipment purchases that have included a CT scanner and, most recently, a new portable Ultrasound and Glidescope (with both adult and pediatric attachments). The ED benefits from the in-house services of General Surgery, Internal Medicine, GP/Apneaesthesia and Respiratory Therapy along with a variety of visiting specialists.

To ensure comprehensive, coordinated, patient and family-centred care that meets local needs, the Campbellford Memorial Hospital's community health care campus partners include: the Trent Hills Family Health Team; Campbellford Memorial Health Centre; Campbellford Memorial Multicare Lodge; Campbellford and District Community Mental Health Centre; as well as other area hospitals and community agencies.
