14. **Clinic interprofessionals (e.g. RD, SW, Diabetes educator, etc.)** – RD, SW, Diabetes education team, smoking cessation nurse

15. **EMR? (yes/no, which one)** – Yes, Oscar (through Indivicare)

We are looking for someone to replace Dr. Katelynn Comeau as she is relocating with her husband back to New Brunswick. This is a newly renovated, well-established, and turn-key practice operated by a not-for-profit community board. This means that clinicians do not have to worry about managing their office, and instead can focus on clinical care. This office has two family physicians and one nurse practitioner, as well as an RPN and two administrative staff. Each clinician has two office rooms for themselves, with the addition of a dedicated procedure room. Allied health have their own space and do not use your rooms. Blood work, ECGs, Holters, 24 hour BP monitors, and ABIs can all be done on site. Join us in the beautiful Thousand Islands nearby Charleston Lake Provincial Park. If desired, many clinicians have commuted from Kingston or Brockville without difficulty.

Please contact either Dr. Katelynn Comeau ([katelynncomeau@gmail.com](mailto:katelynncomeau@gmail.com)), or Dr. John Erb ([jberbmd@gmail.com](mailto:jberbmd@gmail.com)). Office number is 613-659-2525. [http://www.stlawrencedistrictmedicalcentre.com/](http://www.stlawrencedistrictmedicalcentre.com/)
