The Foundation for Medical Practice Education

A non-profit organization dedicated to the development, production and evaluation of educational programs for community-based Family Physicians is seeking applications for the exciting position of

EXECUTIVE DIRECTOR

(this is a part-time position)

The successful candidate will be a Family Physician holding certification in family medicine (CCFP) from the College of Family Physicians of Canada. As a recognized leader, skilled in self-directed learning and group work, you will have experience in community-based family medicine, as well as in the development and implementation of programs in continuing medical education. Personal experience with the Foundation’s Practice Based Small Group (PBSG) Learning Program would be an asset.

Specifically, your major responsibilities to the Board of Directors will be for the development and operation of The Foundation and its Practice Based Learning Programs and the articulation of the Foundation’s vision for practice-based learning. You will promote educational innovation and research to better understand and respond to the educational needs of Family Physicians. You, as Executive Director, will develop and promote an effective liaison with professional bodies of higher learning and other professional organizations to maintain and improve organizational collaboration and visibility within the educational and professional community.

Please send your resume and letter of interest, by June 15th, 2020 to:
