

Obstetrics & Gynecology: Foundations EPA #10

Performing minor gynecologic operative procedures

Key Features:

- This EPA includes obtaining consent, performing the procedure, and providing immediate post-operative care, including recognizing complications of the following procedures:
 - o simple laparoscopic tubal ligation (clips, electrocautery)
 - o basic laparoscopy (port placement, closing incisions)
 - o diagnostic hysteroscopy
 - o global endometrial ablation
 - o drainage and marsupialization of Bartholin's abscess
 - o dilation and curettage
- To achieve this EPA the trainee will perform the above uncomplicated procedures under the direct guidance and assistance of a skilled assistant, while requiring minimal redirection or assistance with the procedure.
- The observation of this EPA is divided into two parts: direct observation of surgical skills; and a log of procedures to demonstrate the breadth of experience.

Assessment Plan:

Part A: Procedural skills

Direct observation by OBGYN faculty, subspecialty trainee or TTP trainee

Use Form 2: Form collects information on:

- Procedure: basic laparoscopy (port placement, electrocautery, closing incisions); diagnostic hysteroscopy; global endometrial ablation; drainage and marsupialization of Bartholin's abscess; dilatation and curettage

Collect 10 observations of achievement

- At least 1 basic laparoscopy
- At least 1 diagnostic hysteroscopy
- At least 1 global endometrial ablation
- At least 1 dilatation and curettage
- At least 1 drainage and marsupialization of Bartholin's abscess

Part B: Maintaining a logbook

Submit logbook of procedures

Logbook tracks:

- Procedure: basic laparoscopy (port placement, electrocautery, closing incisions); diagnostic hysteroscopy; global endometrial ablation; drainage and marsupialization of Bartholin's abscess; dilatation and curettage

*ENTRUSTABLE PROFESSIONAL ACTIVITIES
FOR OBSTETRICS AND GYNECOLOGY (2019)*

Relevant Milestones:

Part A: Procedural skills

- 1 **ME 1.4 Apply knowledge of surgical anatomy, steps of the procedure, potential intraoperative risks and means to avoid/overcome them**
- 2 **ME 1.4 Apply knowledge of the principles of electrosurgery**
- 3 **ME 3.1** Describe the indications, contraindications, risks, and alternatives for a given procedure or therapy
- 4 **ME 3.2** Obtain and document informed consent, explaining the risks, benefits, alternatives and the rationale for the proposed treatment options
- 5 **ME 3.4 Demonstrate effective procedure preparation, including the use of a pre-procedure time-out or safe surgical checklist as appropriate**
- 6 **ME 3.4 Assemble required equipment**
- 7 **ME 3.4 Interpret findings of examination under anesthesia**
- 8 **ME 3.4 Place laparoscopic ports**
- 9 **ME 3.4 Orient spatially without hesitation and position instruments where intended**
- 10 **ME 3.4 Perform safe dissection of relevant structures and tissue layers with gentle tissue handling**
- 11 **ME 3.4 Demonstrate intraoperative judgment, fluidity of movement, and forward progression**
- 12 **COL 1.2 Communicate effectively and professionally with the OR team**
- 13 **ME 3.4 Establish and implement a plan for post-procedure care, including post-operative orders**
- 14 **COM 5.1 Document the surgical encounter to adequately convey the procedure and outcome**
- 15 **P 4.1** Demonstrate an ability to regulate attention, emotions, thoughts, and behaviours while maintaining capacity to perform professional tasks
