

## Academic Curriculum for Academic Full-Day

Year 1	Year 2
Breast Malignant	Molecular Pathology - Malignancy (Sarcomas, Carcinomas, Leukemias and Lymphomas)
Mediastinal Tumours	Cardiomyopathies
Cardiac Anatomy	Vasculitis
Bladder Pathology	Prostate Pathology
Diagnostic Approach to Small Bowel Biopsy	Esophogus/Stomach Pathology
Peds – Placental Pathology	Kidney - Tubulointerstitial and Tx
Kidney Pathology (Neoplastic)	QA/QC (Technical Aspects - Bill and Dr. Robertson)
Basic Approach to Skin Pathology	Neoadjuvant Breast Pathology
Career Counselling - Academic Perspective	Inflammatory Bowel Disease
Colorectal Pathology	Neoplasia
Skin Adnexal Tumours	Hepatobiliary Pathology
Pleural Lesions	Thyroid Pathology
Neuropathology of Trauma	Ovary and Fallopian Tube (surface epithelial tumours)
Eye - Malignant	Skin - Melanocytic lesions
Intraoperative Consultation	Skin - Non-melanocytic tumours
QA/QC (Path2Quality)	Skin - Inflammatory
Pancreatic Neoplasms	Gyne review
Endometrial Pathology	Breast review
T-cell Lymphoma	Cyto review
Ovary (Sex Cord Stromal and Germ Cell Tumours)	Immunohistochemistry
Soft Tissue Tumours	Pediatric bone disease
Renal Biopsy and Glomerulonephritis	Myometrial Pathology
Testicular Pathology	Cervical Pathology
Salivary Gland Pathology	Gestational Trophoblastic Disease /Pregnancy
Sinonasal Pathology	Pneumoconioses

Muscle Diseases	Interstitial Lung Disease
Vulva and Vagina Pathology	Patterns in Lung Pathology
Cyto Review	Neuropath - Infections/Prions/Ischemia
Breast Review	Neuropathology of Epilepsy
Gyne Review	Odontogenic Tumours
Bone Tumours	Biostatistics and Methodology
Transplant Pathology	Reactive Lymphadenopathies
Brain Tumours	Patterns in Lymph Nodes
Cardiac Valve Pathology	Eye - Benign/Inflammatory
Breast - Benign	Bioethics/EDG
Hodgkin's Lymphoma	Splenic Pathology
Career Counselling - Community Perspective	Career Counselling - Academic Perspective
Peds - Hirschprung's Disease	Sensitive Issues in the Workplace – Culture, Religion, Gender, Sexuality
Molecular Pathology - Intro to Molecular Pathology, Basic Principles of Molecular Biology, Molecular Methods in the Diagnostic Laboratory	Non-Hodgkin's Lymphoma
