- QUALITY IMPROVEMENT

FORMATS
- RESEARCH POSTER
- ORAL PRESENTATION
Abstract Submission Streams & Formats

Streams

Emerging & Inspiring Research
These typically discuss findings from research. Submissions may feature research that has an applied or clinical focus, or research that doesn't yet have a direct clinical application but is relevant to mental health and addictions.

Quality Improvement
Focused on hospital or community innovations. Submissions may focus on clinical change management, program evaluation, implementation or continuous quality improvement.

Formats

Research Poster
Standard poster size: 36 in X 48 in; layout: landscape or portrait
Information to include: title, presenter name(s), credentials, background, objective, methods, results, conclusions.

Oral Presentation (15-20 minutes)
Provide a brief overview of a project, program, best practice or policy. These may also focus on emerging and theoretical or methodological issues.
Submitting an Abstract

Proposals should include:

- Presentation stream & format
- Title
- Presenter name(s)
- Degree(s), professional designation(s), organization(s)
- Three learning objectives
- Two literature references (as applicable)
- Abstract (max 250 words)

Criteria for Acceptance

- Relevance to mental health and addictions
- Originality
- Clarity
- Scientific rigor (evidence, impact)

- An individual/group may submit more than one proposal

The research day planning committee reserves the right to ask the presenters to change formats. The committee will make the final decision in selecting presentations and will inform applicants of their decision by October 18 2019.

Please submit proposals via email to brigitte.rutherford@theroyal.ca

Deadline for submissions:
Friday, September 27, 2019 at 4:30pm.
